About Canopy™ Furniture

Decorating your home should be fun and easy. The classic styles of the Canopy™ Cornerstone Collection are designed to work beautifully together and fit right in with your existing furniture.

Here for the Long Haul. Every piece in the Canopy Cornerstone Collection is built of solid hardwood and genuine birch veneer, a construction that increases the furniture's strength and durability.

Stands Up to Real Life. A multi-step finishing process adds depth and clarity to the wood. For added strength, we finish each piece with a topcoat of HardCoat, made for us by Valspar, a leader in coatings for fine furniture.

No worries. Sticky fingers, doggie drool, spilled milk. Life can get messy. Canopy furniture is built to stand up to nearly everything a busy household throws at it.

Works hard. Canopy furniture works as hard as you do. Many of the pieces in our collection can multi-task from room-to-room to adapt to the changing needs of your home (or follow the whims of new design and decorating ideas).

The Canopy team would like to thank you for your purchase. Inspired by real life, Canopy furniture will be welcome in your home for years to come. So put your feet up and relax!

This set-up guide contains **important** safety information; please read and keep it for future reference.

Get Ready!

Our furniture uses an innovative, patent-pending, quick assembly method. We tested and assembled every piece ourselves to make sure it's truly easy.

- We recommend two people to assemble this item – so grab a friend to help!
- Please read all the instructions before starting.
- Carefully unpack and identify each part, component, and piece of hardware to make sure you have everything you need for assembly. Lay out each part on a soft, uncluttered surface.

! Important: We suggest you use a rubber mallet, but you can also use a hammer. Either way, cushion the pieces with the included wood block to protect the furniture finish.

Warning: This desk can hold a maximum weight of 200 lbs. (60 lbs in the file drawer and 25 lbs in the other drawers.) Do not exceed the maximum weight limit because it can damage the furniture and cause it to tip over.

For Your Child's Safety:

Bulky and Heavy Items:

- Use your desk appropriately. Do not overload drawers as it could cause personal injury or damage to the furniture.
- Never move or push heavy furniture by yourself because it can cause the furniture to tip over. Ask a friend to help you lift the furniture and set it in an appropriate place.

TV Safety:

- This desk is designed to be used as a desk only. It's not intended to support TVs or other heavy items.

Cleaning and Care for Your Canopy Furniture

- Use a wood conditioning cleaner that does not contain waxes or silicones (test the product in an unseen location first).
- Clean spills immediately with a soft, damp cloth.
- Standing water can cause white spots on the wood finish.
- Chemicals such as alcohol, perfume, and medicines can cause severe damage to the wood finish.
- Protect wood surfaces by using coasters.
- Use a protective pad when using your furniture as a desk or writing surface (especially when using a ballpoint pen).
