32GB	15248	10160	6416	6095	2167	24379

(MP = Megapixels; MB = Megabytes; GB = Gigabyte)

*Please note: Some of the listed capacity is used for formatting & other functions and thus is not available for data storage. For more information, please consult Kingston's Flash Memory Guide at kingston.com/Flash_Memory_Guide. **Approximate number of standard JPEG pictures. JPEG file sizes vary based upon camera model and default settings, as well as user selected resolution and compression mode settings. JPEG compression will result in different file sizes, based upon picture complexity. Some host devices may not support all of the Flash storage capacities listed. ***Approximate number of songs. Assumes 4MB file size. Results may vary based on compressions ratios and devices used. †Approximate minutes of video clips. ††1.5Mbps MPEG file size. Results may vary based upon video compression ratio. †††2Kbps file size. Specific results may vary due to host and device configuration.
